Hello Friends!

The Historical Association of Catawba County would like to invite you to be a vendor at the 33rd Annual Murray's Mill Harvest Folk Festival on September 30th and October 1st. This event takes place at the scenic Murray's Mill Historic District right outside of Catawba, NC. If you have not been to the Harvest Folk Festival before, you are in for a real treat. The festival boasts fun-filled activities for all ages including: touring the mill while in operation, live Bluegrass music, gold panning, molasses making, Civil War re-enactors, a petting zoo, Boy Scout exhibitions, and with your help a wide variety of craft and food vendors. We have spaces available for a variety of "old world" crafts. Thousands of people attend each year, making this event an ideal market for any vendor.

Booths are 10' x 10' space for craft vendors and 10' x 20' space for food vendors. Vendors will be notified in advance of their venue location on the site to make proper preparations. Included with this letter is an application form which describes the booth spaces, fees, utility needs, and all other accommodations that can be made to help you have a profitable weekend. If you are interested please complete the provided form and return it as soon as possible since spaces are limited. If you have any questions please contact Jennifer Marquardt-Leach, Site Manager, Murray's Mill at (828) 241-4299 or email me at cchajlml@gmail.com. We thank you for your time, and we hope to see you at the 33rd Annual Murray's Mill Harvest Folk Festival.

Thank You,

Jennifer Marquardt-Leach
Site Manager, Murray's Mill
